## Insurance Products

# Aviation & Space Insurance and Reinsurance

Our experienced multi-class team works with the world's largest airlines and aerospace manufacturers, airports, air traffic controllers, ancillary service providers, corporate jet and unmanned aerial systems operators to mitigate their evolving risks.

We cover all classes of aviation risk and have global senior market underwriters and claims adjusters ready to work with our clients, brokers and business associates locally.

We are able to offer a maximum combined hull and liability line size of up to USD200m.

### What we cover

- Aircraft hull and liability exposure for all aircraft types, including airline, general aviation fixed and rotor wing, and unmanned air vehicle/ systems
- Hull deductible buy-down
- Contingent and repossession exposure of banks, finance houses and leasing companies for their hull and liability risks
- Airport liability, including landlord, concessionaire, ground operations, fixed based operations and air traffic control liability
- Product liability for aviation product suppliers, ranging from primary manufacturer liability to the smallest non-critical component part suppliers
- Excess liability layers on all of the above classes
- Hull war
- Excess terrorism war write back
- Space coverage including physical damage, launch, in-orbit life, third party liability and product liability
- Aviation reinsurance risk excess and excess of loss

## About Tokio Marine Kiln

Tokio Marine Kiln is a leading international insurer with a reputation for underwriting excellence, great people and innovative products. As part of one of the largest insurance groups in the world, our underwriters are empowered to assess each individual risk, to make on-the-spot decisions and to find the right solutions for our clients' needs.

The ability to settle valid claims quickly and fairly in a human way is central to our business philosophy, and our adjusters are empowered to exercise their professional judgement to deliver an exceptional customer service.
